WEEKLY ACTIVITY AND STATUS REPORT FOR THE DD/ICS--3 December 1986

CIPC Organizational Activities

- Arrangements for the CIPC meeting on 8 December are complete.
- 25X1 -The primary agenda items are SDI and [REDACTED]  
-Your meeting book will be ready COB Thursday.
- The staff had a going away luncheon for Goldie on Tuesday. Her last day is 5 December.

- 25X1 ● Draft studies have been completed on:  
[REDACTED]
  - Intelligence Support to Limited Military Operations.
  - Intelligence as a Force Multiplier.

All of these drafts are presently being reviewed by the respective working groups.

25X1 NFIP Support for Limited Military Operations - [REDACTED]

- Delay in distribution of the latest version of the study has caused Paul to reschedule the working group coordination meeting from 3 to 5 December. It seems that the members copies, which were sent out on 24 November, had not reached most of the members by 1 December, when Paul called members to remind them of the meeting.

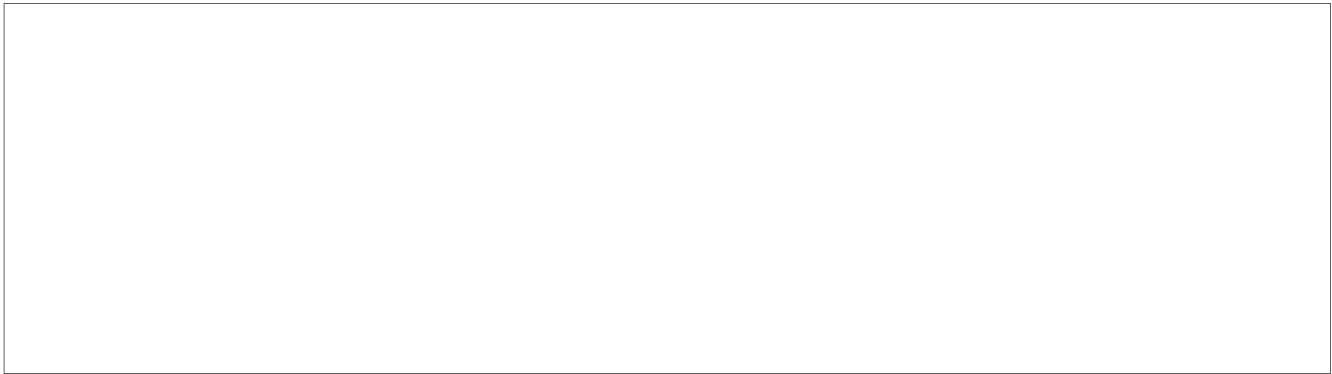

25X1 CSEM: [REDACTED]

- On 28 November the D/ICS, EO/ICS and ES/CIPC were briefed on the CSEM Prototype Demonstration. The D/ICS expressed a thorough appreciation of the difficulties that lie ahead in trying to implement the mock-up model that now exists but instructed that the CIPC should proceed with implementation planning. The utility of the CSEM, if it can be brought to fruition, was unanimously applauded.

- Analysis of the existing FIRF data base will be an essential step in figuring out how to keep the data generation workload to manageable levels (i.e., the FIRF will have to be condensed, and we must analyze the data to see the best way for doing this). For that, we will need a programming capability which is presently being negotiated with OIT.
